

Quality Policy

The Plessey Quality Policy is to provide innovative products with world-class service while continually improving all aspects of our business.

This will be achieved by our total commitment to:

- Meet customer requirements and strive to exceed customer expectations.
- Setting of SMART quality objectives.
- Maintaining a management system that meets the requirements of international standards and facilitates the delivery of quality products and solutions.
- Maintain the effectiveness of the quality management system and;
- Involve all employees in the process of continual improvement.
